

PLANS TO BLOCKADE PORT OF TAMPICO

HUERTA ISSUES DECREE DECLARING PORT UNDER BLOCKADE

New Crisis Develops in Mexican Situation When American Battleships Follow Mexican Gunboats From Puerto, Mexico, Bound for Tampico—U. S. Regards Tampico as an Open Port.

Washington, June 6.—A new crisis in the Mexican situation developed late tonight when two Mexican federal gunboats, closely trailed by two American war craft, the cruiser Tacoma and gunboat Sacramento, steamed from Puerto, Mexico, for Tampico to enforce a blockade of that port decreed by General Huerta. No specific orders have been given, the American commanders merely having instructions to keep the Mexican boats under surveillance, but it is known that Rear Admiral Badger has been advised that the United States government regards Tampico as an open port and desires that there be no interference with commerce there.

Notice of Gen. Huerta's decree was given formally to Secretary Bryan earlier in the night by Senor Riano, the Spanish ambassador, who represents the Huerta government here. This was followed by a conference of administration officials, but nothing was known of the result, and even the fact that the notice had been given was not made public. How far the decision of the Washington government to see to it that Tampico is kept an open port will go toward preventing interference with the landing of arms for the Mexican Constitutionalists, no official would discuss tonight. The Cuban steamer Antilla, with a cargo of war munitions, is due at Tampico next Wednesday and the federal gunboats Bravo and Zaragoza reported leaving Puerto Mexico tonight by Admiral Badger should arrive there Monday morning.

The possible effect of suppression of the proposed blockade upon the mediation conference at Niagara Falls has been given due consideration by administration officials here and opinion on the subject is said to be sharply divided.

"No orders will be issued tonight," was the only comment of Secretary Daniels. Secretary Bryan was not awakened to be informed of the departure of the gunboats.

The Mexican vessels carry small guns and are insignificant as fighting ships. The Tacoma's main battery is of five-inch rifles and the Sacramento carries four-inch rifles.

Issues Presidential Decree.
Mexico City, June 6.—The foreign office notified the legations this afternoon that the port of Tampico had been blockaded by order of President Huerta. The United States government was also notified through the Spanish minister at Washington.

Sergeant Juan Diaz of the 89th regiment, who attempted to start a revolt in the barracks, has been sentenced by court martial to suffer the death penalty. He will probably be executed Monday.

ANOTHER GRADE CROSSING

ACCIDENT TAKES FOUR LIVES

Linneus, Mo., June 6.—Four persons were killed and two injured late today when a touring car containing six persons was struck by a Chicago, Burlington & Quincy passenger train near here.

Albert Thomas, wife and daughter of Wheeling, Missouri, and Mrs. Jesse Ray of Greencastle, Mo., and Jesse Ray and daughter were seriously injured.

The car in which the party were riding stopped suddenly in crossing the railroad track and before the occupants could escape the train bore down upon it.

The motor car was shattered and Thomas his wife and ten year old daughter were instantly killed. Mrs. Ray was hurled forty feet and died in a few minutes.

Thomas is the owner of a garage at Wheeling. With his family and the Rays he was motoring to Kansas City to spend Sunday.

CRAZED AUSTRIAN BUTCHER

CHOPS OFF HIS WIFE'S HEAD

DAVENPORT, Iowa, June 6.—Driven to a frenzy by jealousy, Hynckel H. Johann, an Austrian butcher employed at the Kohrs Packing company plant, tonight chopped off his wife's head with a knife which he uses at his work in cutting up meat. He says he intended to kill his wife and brought the butcher knife home tonight for that purpose. He surrendered to the police and a few minutes after being placed in a cell, fell unconcernedly asleep. Mrs. Johann's head was completely severed from the body.

PEORIA WOMAN DROWNS

AT QUIVER BEACH, HAVANA

HAVANA, Ills., June 6.—Mrs. Emma Proctor of Peoria, Illinois, a visitor at Quiver Beach, a summer resort here was drowned this afternoon, when she was drawn into a deep sea-off by the current. Mrs. Proctor was in swimming with a large number of companions. An attempt was made to rescue her but was unsuccessful.

Chicago, June 6.—A verdict

awarding \$20,000 damages to Miss Georgia Jay against Homer Rodeheaver, choir master for Billy Sunday, evangelist, for breach of promise to marry was returned today by a jury in the circuit court.

NEW HARMONY CENTENNIAL IS OBSERVED

Many Men of Prominence Gather at The Little Wabash River Town.

New Harmony, Ind., June 6.—United States senators, governors and other men of national prominence are to gather in this little town on the Wabash during the week beginning tomorrow to take part in a celebration of the centennial anniversary of the founding of New Harmony, which was the first notable attempt in America to establish a community based on the theories of socialism and co-operation. The attempt was a failure, though some of the principles of the founders have been carried out by the members of the community down to the present day.

The community was founded originally by the Harmonists, a sect which originated in Wurtemberg about 1780. The founders were George and Frederick Rapp. The members of the sect held their property in common and considered marriage a civil contract. In 1805 the Rapps and a number of their followers emigrated to America, and settled first in Butler county, Pennsylvania. In 1814 they moved to this section, where they purchased 27,000 acres of land and founded a community which they called Harmony. Ten years later they sold their land to Robert Owen, and returning to Pennsylvania, settled at Economy, a few miles north of Pittsburgh.

The New Harmony movement, which attracted world wide attention, dates from the time that Robert Owen acquired control of the community and sought to put into practice his theories of socialism. Owen, a native of North Wales, was one of those unfortunate men who lived in advance of his time. His entire life was devoted to various plans for the benefit of his fellow men, and yet he is remembered as having been a failure.

He is known as the founder of English socialism. His views were the result of his own practical and successful employment of men in large factories, during which he came to realize the desirability of better relations between capital and labor. Owen was but 19 years old when he became manager of a cotton mill employing 500 operatives. Under his direction the mill became noted for the excellence of its work. The first American cotton ever sent to England was used by him.

NEW HAVEN INVESTIGATION CONCLUDED SATURDAY

Commission Has Enough Material to Frame Report to Senate Called For by Norris Resolution.

Washington, June 6.—Investigation into the financial affairs of the New York, New Haven & Hartford railroad by the inter-state commerce commission was concluded late today.

Commissioner McChord announced that if the commission decided it was necessary to hold any more public hearings it would notify those persons it wanted to hear, as well as the attorneys interested in the New Haven case. He also intimated it might be necessary to take depositions although it is thought the witnesses already heard have furnished enough material to frame the report to the senate called for by the Norris resolution.

David E. Brown an examiner for the commission testified his inspection of the records of the New England navigation company, failed, to disclose the purchase of the Worcester road by the New Haven, although J. P. Morgan and company's books showed the sale was made through the Morgan firm. Mr. Brown, replying to a question by chief counsel, Joseph W. Folk, said that if the books of the Morgan firm were correct the records of the navigation company must be false. After testifying that a dividend on the 109,948 shares of Boston & Maine stock held by John L. Billard was turned over to the New England navigation company by Mr. Billard but entered on its books as interest on notes of the New England investment and security company, Mr. Brown said:

"I made the accusation to the general auditor of the company that it was a falsification of records. I did not have the information at that time to substantiate my points. It was by deducing that I came to the conclusion, but I subsequently found the file of the treasurer which verified my conclusion and I showed him that file."

MUSICAL INSTRUMENTS HAVE NO PLACE IN CHURCH

BLOOMINGTON, Ind., June 6.—Pipe organs, pianos and kindred musical instruments have no place in a church, according to a report adopted today by the synod of the Reformed Presbyterian church of the United States and Canada, which is meeting here. The report concluded:

"Since the purpose of God in the present dispensation is to develop and perfect spiritually, the musical instrument, which is of necessity typical and emotional, must be done away with."

HOME FOR THE SUMMER.

Miss Marion Taylor is expected to arrive this morning from Beverly, Mass., where she has been engaged as instructor in the New England Industrial school for the deaf. She will spend the summer at the home of her parents, Mr. and Mrs. C. W. Taylor on Grove street.

Let Garland & Co. dress you for this extremely warm weather—"You'll be cool."

LOVE LETTERS READ IN DIVORCE SUIT

MISSIVES SENT BY RAPP TO MRS. DEAN MADE PUBLIC

Letter Reading Formed the Principal Part of the Court Proceedings in the Divorce Suit of Mme. Schumann-Heink—The Singer's Trip to Wagnerian Festival Abandoned.

CHICAGO, June 6.—Love letters that shattered the romance of an opera star were today read before the jury in the divorce suit of Madame Schumann-Heink against William Rapp, Jr. The missives filled with terms of endearment and expressing ardent emotion, were credited to Rapp and were addressed to Mrs. Catherine E. Dean of New York, named by the diva in her suit. One of the letters, however, said to have been inspired by Rapp, was from Mrs. Dean to the singer and threatened a damage suit should Mrs. Dean's name be linked to that of Rapp. The letter reading which formed the principal part of the court proceedings followed the testimony of Francis J. Ashton, who lived in Mrs. Dean's apartments for five months and who told of frequent make of affection exhibited by Rapp and Mrs. Dean.

Although no statement was made as to where the letters were obtained those who heaped them suspected that Miss Ashton was the medium of their delivery to the diva as she identified missives as having been received by Mrs. Dean from Rapp.

"One of the letters read, I look up to you and worship you. Please sign yourself Nonnie again, not Katie or any other name. Nonnie is to be secret and sacred. All my thoughts are of you. You are the goal, the sine qua non. Do you believe that, you best little rascal? Faithfully, your Billie."

Counsel for the defendant sought in vain to stem the tide of the epistles by declaring that no attempt would be made to combat them and that therefore the letter reading should be limited. Madame Schumann-Heink's counsel declared that the letters were essential to their case and the court ruled that the taking of evidence should not be limited. Another of the letters revealed that in a telephone conversation with Rapp, Madame Schumann-Heink had made him aware that she was acquainted with his attention to Mrs. Dean. In this letter under date of July 29th, 1913 and signed "Faithfully, Billie," the writer bewailed his fate. The letter told of Madame Schumann-Heink telephoning to Rapp's mother and of his calling her upon the telephone. She informed him that she had saved \$33,000 from the last session and did not care to sing much more.

"Why should she," said the letter, which continued:

"Asked when am I going east, told her I was not going, that I had all my things here and no reason for going east, said I was expected and awaited there. By whom? By Mrs. Dean—No! You are mistaken. But she says so and says you are going to be married. She said you had told 'some one' you were to be married and had told a lot of other things. That I should instruct you to be more careful."

"She denied that she was going to be married," said that Baldwin could be her eldest son, was only 36 and she was too old to marry. She abruptly and irritably said good night and hung up the receiver. My brain is at a standstill."

Through the reading of the messages Rapp glared at the placid features of Madame Schumann-Heink who seemed absorbed in the recital and listened intently to the reading.

When the letters had been made a part of the evidence court was adjourned for the day.

The trip to the Balthus Wagnerian festival has been abandoned by the diva it was announced.

YOUNGER STUDENTS USUALLY MAKE BETTER SCHOLARS

CHICAGO, June 6.—Students who enter college young are as a rule better scholars and better in conduct than those who enter when older, according to A. Lawrence Lowell, president of Harvard university, tonight in his address at the annual banquet of the Associated Harvard clubs.

The banquet closed the eighteenth annual meeting of the associated clubs and more than 500 delegates from other classes attended. Samuel S. Greeley of the class of 1844, with President Lowell was the guest of honor. The 1915 meeting will be in San Francisco.

DISPUTE IN AUTO ENDS IN DOUBLE TRAGEDY

LOS ANGELES, June 6.—A dispute in a speeding automobile between George E. Platt, president of a creamery company, and Clifford Deyoe, a real estate agent, resulted today in the probably fatal wounding of the former and the suicide by shooting of Deyoe. Platt was shot in the back as he leaped from his machine and is not expected to live.

AMERICAN WINS DERBY.

London, June 6.—W. L. Brook, the only American entrant among the eleven competitors in the Aerial derby, was today awarded the gold cup and purse of \$1,000 as the winner of first prize.

FRANKLIN CITIZENS HAVE COMMERCIAL ORGANIZATION

Club Formed and Election of Officers Held at Recent Meeting—Prospects Good for Oiling the Streets.

The citizens of Franklin have organized a club known as the Franklin Commercial club. It has for its object "to advance the civic, commercial, industrial, agricultural and educational interest of Franklin and adjoining community. Anyone of that vicinity or town can become a member. \$2.00 is the membership fee.

The following are the officers: President—H. Metcalf. Vice president—W. C. Calhoun. Secretary and Treasurer—E. A. Roberts.

Board of directors—J. O. Roberts, Dr. J. W. Elder, M. B. Keplinger, Lewis Roberts and George Schaub, John Smith and Charles Cussins.

The proposition to oil the streets of Franklin is the first thing the new organization will look after.

The committee to solicit is composed of C. I. Glenn, Lewis Roberts, John Smith, J. O. Rolston and Dr. J. M. Elder. They have been meeting with good success. As stated before the cost of oil the streets will be 3 1-2 cents per square yard. They expect to oil most of the square, the main street and some resident streets.

The club will hold their meetings the second Tuesday of each month.

RADNOR SPECIAL TRAIN

TO WORLD'S FAIR, 1915

Round Trip From Jacksonville Will Cost \$137.50, Including Meals and Berths Both Ways and a Week's Stay at the Fair.

Jacksonville people will have an unusual opportunity to see the world's fair in San Francisco in 1915 by taking advantage of the Radnor tour. By this method the journey can be made for \$137.50 round trip, including meals and berths both ways and a week's stay at the exposition.

By the payment of \$5 for each month from January 1, 1914, till June 1, 1915, and the remainder before the trip starts, the expense is covered. The payment of \$5 constitutes a membership.

This special train will be in charge of a conductor who is experienced and knows the various points of interest en route perfectly. There will also be a number of free side trips. The management has secured Prof. T. P. Carter to look after the business here and he can be reached by Illinois phone 551 for any information desired. The Central Pacific will be the line taken going out and returning any of the Harriman lines can be used. Persons who stay longer than a week at the fair must meet that extra expense.

JOSEPH LOONEY WINS

JUNIOR PRIZE CONTEST

Will Represent Illinois College in Intercollegiate Oratorical Contest Next Fall.

The annual Junior Prize speaking contest was held last night in the Jones Memorial building and first place was won by Joseph Looney on the subject "World Peace." This means that Mr. Looney will represent Illinois college at the annual intercollegiate oratorical contest which will be held next fall. The other speakers last night and their subjects were, as follows:

"To Establish Justice"—Morris Worthington.

"Student Problems"—Earl Harmon.

"Our National Development"—Arthur Petrie.

Earl Harmon ranked highest among the juniors competing and was awarded the Hall prize money, the income from a sum of \$250 given by H. H. Hall of this city. Mr. Looney is a member of the freshman class and of Phi Alpha society. He is from Vienna, Ill.

WOMAN'S HAT RESTS

IN ARREST OF HUSBAND

CHICAGO, June 6.—The hat worn by a woman customer in a department store today resulted in the arrest of her husband, Alexander Hartwig who is said to have confessed that he made \$890 in counterfeit bills and his wife passed them. A saleswoman who was defrauded remembered the hat and had a duplicate made for secret service officers who then traced the wearer.

OTHER HOUSES BURGLARIZED.

It now seems to be true that the burglars who were at work in the west part of Jacksonville Thursday night ransacked at least six houses. In addition to those already mentioned, the homes of George T. Douglas and Jerry Cox on Caldwell street were entered. The visitors were in down stairs rooms only at the Cox home and secured nothing of much value. At the Douglas home however evidence was found of the visit both up stairs and down and fifteen or twenty dollars in money was taken. An electric light was burning in one room but that fact did not seem to disturb the burglars.

HOTTEST CITY IN

UNITED STATES

Springfield, Ills., June 6.—Telegraphic records received here today at the local government weather bureau indicate this city to be the hottest in the United States. The thermometer registered at 94 degrees.

SENATOR SIMMONS OFFERS AMENDMENT

COMPROMISE AMENDMENT TO TOLLS REPEAL BILL

Strength Which Developed For the Norris Amendment Influences Administration Forces to Modify Their Original Amendment.

WASHINGTON, June 6.—A compromise amendment to the tolls repeal bill drawn by Senator Simmons for the administration forces and Senator Norris for Republican senators will be offered when the bill comes to a vote in the senate.

The new amendment embodies all of the original Simmons' amendment recommended by the senate inter-oceanic canal committee as well as the more emphatic reservation in the amendment proposed by Senator Norris as a substitute for the committee amendment. The strength developed for the Norris amendment particularly on the Democratic side influenced the administration forces to modify their amendment. The compromise reads:

"That the passage of this act shall not be construed or held as a waiver or relinquishment of any right of the United States may have under the treaty with Great Britain, ratified the eighteenth of November, 1901, or otherwise, to exempt the vessels of the United States or its citizens from the payment of tolls for passage through said canal or as in any way waiving, impairing or affecting any right of the United States under said treaty or otherwise with respect to the sovereignty over the ownership, control and management of said canal and the regulation of the conditions or charges of traffic through the same."

A vote on the amendment and the bill may be reached late Monday. So far as leaders know, only a few senators expect to speak on the subject. An effort may be made after the bill is disposed of to press a resolution to arbitrate the Panama tolls exemption question with Great Britain. Early in the day Senators Cummins and Simmons indulged in a joint debate as to the nature of Great Britain's protest.

Preparations have been made to take up anti-trust legislation as soon as the Panama tolls exemption repeal bill is disposed of. The inter-state commerce committee voted to report out for the present a bill creating a federal trade commission and the three anti-trust bills passed yesterday by the house were received by the senate and sent to committee for consideration. There they probably will rest for several weeks at least.

Chairman Newlands of the inter-state commerce committee said today he would report the trade commission bill to the senate early next week and attempt to have it made the unfinished business.

Says Democrats Are Extravagant.

Representative Mondell, Republican of Wyoming today charged the Democrats with extravagance, declaring an apparent reduction of \$30,000,000 in the Sundry Civil appropriation bill was due to arbitrary cutting off of appropriations needed in the latter half of the next fiscal year.

"The Democrats are forced to this course," he said "to avoid a treasury deficit which would result in an immediate bond issue. They are trying to steer clear of the characteristic Democratic method of raising revenue by an issue of bonds. I anticipate a bond issue before the first half of the next fiscal year has passed."

Representative Rainey of Illinois spent more than an hour in an endeavor to show the house that importations of Argentine corn on the free list in the Underwood tariff law are not a menace to American corn producers.

T. R. CALLS ON "RENCH PRESIDENT"

Colonel Holds Lengthy Conversation in French With President Poincare.

Paris, June 6.—Colonel Roosevelt today called on President Poincare at the Palace of the Elysee and remained with him nearly an hour conversing with him in French. The Colonel thanked the president for the courtesies extended him.

Several cinematograph operators were on the scene and took pictures of the colonel as he passed in and out while people in the crowd outside the palace, who knew of the presence of the former president of the United States, raised their hats as he passed and Colonel Roosevelt acknowledged the greetings.

MANY GRADUATES GATHER AT SUCCESSFUL REUNIONS

Academy, Conservatory and Athenaeum Alumnae Meet at Academy Hall Saturday for Profitable Sessions—Have Dinner on Campus.

One hundred and three graduates and former students of the Jacksonville Female Academy, Conservatory and Athenaeum were present Saturday afternoon and evening at the reunion dinner which was served on the Academy hall campus at 6 o'clock. The dinner was preceded by the annual business session and followed by a program of addresses and music in the audience room. At the business session officers were elected and reports heard from the several committee chairmen. In the evening President C. H. Hammekamp extended the greetings of Illinois college. Mrs. Mary Turner Carriel told of her visit to Brazil and Mrs. Helen Brown Read favored the audience with several selections of song.

The meeting at 4 o'clock was called to order by the President, Mrs. S. A. Fairbank. Mrs. E. P. Brockhouse gave the secretary's report and Mrs. Edward Rowe the financial statement. Miss Margaret Moore presented the report of the invitation committee. Mrs. Carriel spoke for the cabinet committee and the committee on annals.

At the last reunion it was decided to revise the catalog of alumnae, and this work was entrusted to Mrs. G. W. Brown, Mrs. A. B. Williamson and Mrs. U. G. Woodman. Mrs. Brown, as chairman, gave the revision committee report. Greetings were sent to Miss Sue Ellis, one of the oldest academy alumnae, who was not present at this session. At the conclusion of the business, officers for the year ensuing were elected as follows:

President—Mrs. Mary T. Carriel. Vice president—Mrs. E. P. Carter. Secretary—Miss Carrie Dunlap. Treasurer—Miss Anna McClusky Brennan.

Observe Fiftieth Anniversary.

A noteworthy feature of the occasion was the golden anniversary celebration by the class of 1864, of which there were present three members, Mrs. Mary Turner Carriel, Mrs. W. H. H. Jackson and Mrs. Carrie M. Duer of Diverson. Mrs. Anna Morrison Higgins and Mrs. Elsie Morris took sent greetings to their classmates from their homes in Colorado. The sixth member of the 64 J. E. A. is Mrs. Phoebe Moore Hitt, who was detained at her home in Griggsville by the recent death of her son.

Besides Mrs. Duer, the number from away included Mrs. Mollie Simms Simons of Virden, Mrs. C. J. Barber of Springfield, Mrs. Kathleen Vickery Stoddard of New York City, Mrs. Lottie Joy Shaw of Urbana, Mrs. Patsy Lambert Clifford of Chicago and Miss Hazel Mae Brown, who is just home from New York.

The Evening Session.

The alumnae were first addressed at the evening session by Dr. C. H. Hammekamp, president of Illinois college. He extended greetings in behalf of the school, mentioning the academy scholarships and the young ladies who have been benefited thereby.

Mrs. Read then sang "When I Bring You Colored Toys" and "The Sleep That Flits O'er Baby's Eyes," by John Alden Carpenter, and "List the Thrill in Golden Throats," from Natoma by Victor Herbert. Mrs. Carriel's talk, including "Summer Dawn," by Anne Wakely Jackson, with viola obligato, by Mr. Kritch; two songs of old London, "The Nightingales of Lincoln's Inn" and "Down Vauxhall Way," by Herbert Oliver. She finished with a "Song of India," by Rimsky Korsakov. Mrs. Read was accompanied by Mrs. Helen Ayers Bullard.

The ocean voyage to Brazil and return, the home life of the Brazilians, the scenery and peoples of Sao Paulo and South American history were among the subjects touched upon by Mrs. Carriel in her travel talk. She spoke also of Brazilian history and the part played by Senor Rio Branco in freeing the slaves, adding to the territory and guiding the destinies of the young republic. The United States of Brazil freed her slaves and increased her territories practically without bloodshed, tasks which the United States of America accomplished only by the outlay of infinite blood and treasure.

The higher class Brazilian is a man of intellect and business ability. He maintains a high standard of living and sends his children to North America or Europe to be educated. He often has literary ability and is as adept at politics. Brazilian women follow the Paris fashions to an even greater degree than the women of America. Sao Paulo and other large cities of southern Brazil have high buildings, electric lights and trams, resembling in many particulars the cities of the northern hemisphere.

K. OF C. TO INITIATE

LARGE CLASS JUNE 28.

An initiation of a large class of candidates by the local council of Knights of Columbus is to be held Sunday, June 28. Twenty-five applications have already been received from local candidates and it is expected that this will be increased to thirty before the initiation. In addition to this number several candidates will be brought from Beardstown to take the work. A banquet will follow the initiatory work and LeRoy Hackett of Chicago will be one of the principal speakers.

DAVIES KNOCKED OUT.

New York, June 6.—Battling Levinsky of this city knocked out Jack Davies of San Francisco in the seventh round of a ten round match here tonight. Davies weighed 198 1-2 pounds while Levinsky was 26 pounds lighter.

CARRANZA MAY SEND DELEGATES

WILLING TO PARTICIPATE IN CONFERENCE UNDER CERTAIN CONDITIONS

Constitutionalist Chief Will Take Part in Mediation Conference on Condition That There Shall Be No Armistice Between Him and Huerta and Only the American Occupation of Vera Cruz Be Considered.

WASHINGTON, June 6.—That General Carranza, chief of the revolutionary forces in Mexico, is willing to participate in the mediation conference at Niagara Falls on condition that there should be no armistice between his forces and the Huerta government and that Mexican international questions to be considered should concern only such affairs as had been developed by the American occupation of Vera Cruz was officially reported here tonight.

An answer from Carranza to the communication of the mediators was expected to be forwarded from Saltillo by Monday. Should Carranza's position coincide with that outlined here the general opinion was that mediation negotiations would proceed and that a way would be found for delegates from the constitutional forces to participate.

Despite alarmist reports from many sources, arising because of the shipments of arms to the constitutionalists at Tampico from United States ports there was no apprehension apparent here in government sources.

Department heads seemed to be confident that General Huerta would not attempt to blockade Tampico against the delivery by the Cuban steamer Antilla of arms for the constitutionalists.

The American state department it was pointed out was fully satisfied of its right to prevent such a blockade.

It also was made known that a conclusion had been reached that this government had no authority to intervene in the delivery of ammunition at Tampico in view of the circumstances which have arisen since the United States accepted the good offices of the South American mediators for the composition of Mexican difficulties.

In consequence of these developments it was expected here that there would be no interference either on the part of the United States or General Huerta with the landing of ammunition at Tampico from the Steamship Antilla. Admiral Badger reported from Vera Cruz that Huerta's gunboats still were at anchor in Puerto Mexico harbor and at Alva-dero. This was taken as ample evidence that they would not be sent to Tampico to intercept the Antilla which will reach her destination on Monday or Tuesday.

President Wilson was in communication with American representatives at the Niagara Falls conference during the day. Secretary Bryan conferred with the President and was accompanied by John R. Silliman, the American consul general who so narrowly escaped death at the hands of Mexican federalists at Saltillo. The President directed Mr. Silliman to make a written report of his experiences.

THE ARMY WORM.

Just now the army worm and its ravages is one of the principal themes for discussion among farmers. Worms have appeared in various parts of the county, in no locality do they seem to be as bad as in some other counties.

A Jacksonville man who was in Scott county Friday told of driving along a road for half a mile through worms so numerous that progress of his horse and buggy was seriously interfered with. The worms were several inches deep all along the road and one can imagine the sensation of riding in a buggy with the wheels turning around in sticky beds of worms.

"Squire J. B. Beekman in Jacksonville Saturday recalled a time many years ago when the army worms stopped the progress of a train on the old P. & T. R. R. at a point north of Tallula. Joel Baker was the engineer and Mr. Beekman who was on the train well remembered that the train had to stop for some time while the worms were shoveled from the tracks. The engine was pushed through them for a time, but progress gradually became slower, until finally the wheels simply slid around on the gummy rails. Squire Beekman says that he realizes some people may be little skeptical about this story, but that he was present and knows it for a fact.

In addition to the matter printed yesterday from State Entomologist Forbes the Journal has the following from him relative to the worms: Urbana, Ill., June 5.

Jacksonville Journal: Dear Sirs—Yours of June 3 addressed to the university experiment station has come over to me for reply.

Two methods are available for the destruction of army worms, one the ordinary ditch or dusty furrow method, made by the plow and a drag or log, with which farmers are, I think, generally familiar; and the other is destruction by means of poisoned food sown broadcast among them according to the directions which I inclose herewith. We are making general use of this method throughout the eighteen counties from which the army worm has so far been reported this year in destructive numbers. It works to practical perfection, and is a great improvement over anything formerly known for the destruction of this pest. It is a curious fact that army worms will desert their natural food and devour this poisoned bran mash instead, as long as it is moist. The advantage of salt in the mixture seems to be merely that it serves to take moisture from the air and keep the bran in condition to attract the worms. Very truly yours, Stephen A. Forbes.

The St. Louis Globe Democrat says:

terday printed the following army worm story:

"Albert H. Hastings, a business man of Alton, received a letter yesterday from Henry Eaton, a former resident, who now is engaged in farming near Shipman, Macoupin county, Ill., about 29 miles north of Alton. Eaton says army worms are destroying everything green in that country and that after eating everything in his garden began piling up against the house. They were piled up as high as the window sills in the lower story, Eaton says. Hastings says he remembers the last serious visitation of the worms in the vicinity of Alton. It was about forty years ago, and they stopped trains and destroyed almost everything in the shape of vegetation in the vicinity of Alton. They are now headed this way from the northeast."

The Farmer and Stockman offers these suggestions about fighting the pest:

Corn fields should be harrowed each morning. Rye fields, wheat fields and other fields where worms are found should be given attention. If the worms have not gotten into your field, a strip around the field 100 feet wide plowed each morning will prevent the spread of the worms into it. The hot sun will kill the worms should they undertake to cross the dusty ground. Orchard grass should be cut for hay at once. Rye may not be very seriously injured, since it is nearly time for harvesting. Wheat may be injured to some extent, and fields that are not yet infested should be protected by a line of dust around the field. Keep harrowing each morning and what is better, make a line of oil fencing in the infested fields. This oil may best be made by the use of crude oil, which is cheap and easily handled. Worms will not cross a line of oil. The dry season last year is responsible for the great number of worms. Should rain and warm weather come the insect will be attacked by a natural fungus disease, but until that kind of weather our only salvation is to watch closely and use all preventive measures possible.

Mr. Adams Finds Lime Effective. Lee Adams, whose farm is just south of Diamond Grove cemetery, has been conducting a successful fight against the army worm. Thousands, or more probably millions, of the worms began an advance on a meadow belonging to Jacksonville state hospital to a fifty-acre corn field of Mr. Adams. To stop the army he secured air-slacked lime and scattered it the entire length of the field and over a strip a foot wide. He has found that a few of the worms crawled into the lime, but could not proceed further, while the vast majority stopped at the edge of the lime strip.

Mr. Adams finds that it takes about 400 pounds of lime to make a strip twelve inches wide and a quarter of a mile in length. He believes this is about the simplest and most economical way of combating the pest and has related his experience with the idea that it may be of benefit to others.

Women Fight Army Worms. Fifty women and two men who reside in South Jacksonville, have dug a ditch along Pennsylvania avenue, reaching from South Main to South Church streets, to prevent the advance of the army worm. Salt, slack lime and tar were put along one side of the ditch and quite a number of the worms were killed.

LEAVES ON BOARD ILLINOIS FOR SUMMER IN EUROPE

Emmet Keating of this city is among Annapolis students to leave Saturday.

Two hundred and sixty-five students who have just finished their second year's work at the U. S. naval academy at Annapolis, Md., left Saturday on board the U. S. battleship Illinois, for a summer tour of Europe. Among them was Emmet Keating, son of Mr. and Mrs. Edward Keating of this city. The battleship will leave for the Gulf of Mexico, thence to Rome, Italy, and then to London, England after which they will return to the United States. It is expected that the battleship will return the latter part of August and Mr. Keating is expected in Jacksonville about September 1 to spend a month with his parents.

THE HAROLD JOHNSTON MEMORIAL FUND REPORT

Committee Has Compiled List of Contributors—Money to Be Expended For Tablet and Books.

Dr. Edward Capps as chairman and F. W. Sanford treasurer of the Harold W. Johnston memorial fund have issued the following report.

It is understood however that subscriptions are still receivable and will be welcomed by the committee as their final report has not yet been made.

The committee charged with the work of raising money for the establishment of memorials at Indiana University and Illinois College to the late Professor Harold W. Johnston akes the following report:

To date the sum of \$1511.65 has been subscribed. The expenses of the committee can not be determined exactly at present, but will be approximately \$150.00. The amounts contributed by the friends of the two institutions have more or less automatically determined the form of the memorials. The subscribers connected with Indiana University prefer to erect a memorial tablet; in one of the university buildings, and their subscriptions are sufficient for that purpose. President William Lowe Bryan has appointed as a committee to supervise the designing and placing of the tablet Professor Guido H. Stempel, Prof. Lillian Gay Berry, and Registrar John W. Craven. The Illinois College friends of Prof. Johnston have directed the work to the establishment of a book fund the income from which will be expended in the purchase of books for the Department of classical languages.

The names of the contributors to the whole fund, both for Indiana University and Illinois College, are as follows:

Prof. Frank Frost Abbott, Josephine Abel, Houston C. Adecock, Pres. Robert J. Alex, Rupert F. Asplund, Dr. George T. Bailey, Dr. Willard Bartlett, Samuel W. Baxter, Prof. Charles H. Pyell and L. Callahan will be the batteries for the visitors and Sims and Clark for the locals.

Again We Say—"Bargains"

"Bargain" is a word that is being used quite lavishly throughout our store this season. But we never use it just for show. It has a real meaning here. Behind each item labeled "bargain" you will find upon investigation evidence of "more than your money's worth" every time. We have assembled for this week another list that is astonishing—not to say startling—in its disclosure. Bear in mind as you read these items that the reduced price is for this week only. Don't wait until next and then have cause to be sorry that you did not buy.

Grape Juice and Grape Fruit

If you have never tried Welch's Grape Juice served with Grape Fruit, you have missed something delicious, something invigorating. As a breakfast appetizer, or as the first course of your luncheon, just make the experiment with this combination.

THE TRUTH ABOUT WELCH'S GRAPE JUICE

Welch's Grape Juice is nothing but the pure juice of the finest Concord Grapes grown. A few hours after these grapes leave the vines they are washed, rinsed, stemmed and pressed and the juice is hermetically sealed in glass. It is a drink without a drug. It satisfies the thirst. It is true tonic without an evil aftermath.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently,—does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

Albert S. Burleson.

Albert S. Burleson, postmaster general of the United States, was born at San Marcos, Texas, June 7, 1863, and was educated at the Texas A. and M. college, Baylor university at Waco, and the University of Texas. In 1884 he was admitted to the bar and was assistant city attorney for Austin from 1885 to 1890. For three successive terms he was attorney general of the 26th judicial district of Texas. Mr. Burleson was elected to congress in 1895 and continued to serve in that body until his appointment to the cabinet by President Wilson. During the latter period of his service in congress he was prominent figure in that body. Congratulations to:

In The Sanctuary

By WALT MASON.

I went to church the other day, a thing we all should do; I heard the pastor preach and pray, and felt as good as new. Fine music echoed through the kirk when the gifted choir and organist got down to work; they all showed vim and fire. And when a deacon passed the plate, at closing of a tune, I saw full many pious souls dig up a penny. Old rusty pennies were the prize the deacon drew that morn, and I could see his ancient eyes flash forth an angry scorn. The preacher looks down from his perch on jim crow sports I ween; they take their pennies to the church, where dollars should be seen. All honor to the widow's mite, the poor man's hard earned cent; they're pleasing to Master's sight when in his cause they're spent; but it must give Him fourteen pains, repeated fourteen times, when tightwads reach down in their jeans and dig up pewter dimes. That's why the good old deacon groans, it's why his spirit faints he takes in just a pair of bones from seven hundred saints.

CONSERVATORY NOTES.

The class in music appreciation was entertained at the home of Mrs. Frank Heintz last Tuesday afternoon. The subject for the day was Modern Music, and illustrations were given by Miss Dunlap, who played the Danse Orientale by Cyril Scott and a Toccata by Debussy, Miss Heddlon, who played the Danse Negre by Cyril Scott, and Dean Cochran, who played, to Mr. Kritch's accompaniment, the Suite in Ancient Style by Zimbalist. Supper was served on the lawn.

The students' recital given last Thursday evening by members of the classes of Mr. Kritch, Mr. Munger and Mrs. Wilson, was most successful. In spite of the excessive heat, an excellent audience was present.

The Conservatory year closed on Saturday, June 6th. Mr. Kritch will remain a short time in Jacksonville, then will spend a number of weeks in northern Michigan. Mrs. Wilson stays in Jacksonville through June, and will spend most of her vacation in Michigan. Mr. Munger will be at his home in Xenia, Ohio, most of the summer, and Miss Jerald plans to be at her home in Vandallia, Ill. Miss Jensen will take her position in Galloway college, Searcy, Ark., in the fall, and her place as assistant violin instructor will be taken by Miss Hazel Brown of this city. All of the members of the faculty, excepting Miss Jensen, will return to their work in the Conservatory in September.

At the baccalaureate service in the Congregational church on Sunday, June 7th, Mrs. Wilson will sing a solo with organ accompaniment by Mrs. Bullard and violin obligato played by Mr. Kritch.

THAT TERRIBLE BACKACHE from which so many women suffer is significant of organic trouble. It tells, with other symptoms, such as headaches, nervousness, and depression, that nature requires assistance. For forty years Lydia E. Pinkham's Vegetable Compound, a simple remedy made from roots and herbs, has been the one effective remedy in such cases. It speedily removes the cause and restores the system to a healthy normal condition.—Adv.

NEGUS FARM HAS MANY IMPROVEMENTS

Keeps Special Breed of Hogs With Good Results—Sold \$7,000 Worth One Year.

One of the men who is making a success of farming is B. W. Negus, who lives just west of Orleans station. There he has 160 acres of land and another farm of 250 acres in the northeast part of the county. One of Mr. Negus' specialties is hogs and he has a breed not very common in this part of the country. It is the Tammorth and comes from England, though the breed first saw the light or day in old Ireland. Mr. Negus says it is essentially a bacon hog and the desirable feature of it is the fine bacon it makes and the fact that it will fatten on so little grain, in addition to grass or clover pasture, which is best for it.

Three years ago was Mr. Negus' banner hog year, when he sold \$7,000 worth of porkers from his place. They were generally from nine to eleven months old. He has 22 sows, which averaged 11 pigs to a litter and raised them. The Tammorth is reddish, like the Duroc Jerseys and has rather long legs and face. Also a long body and attains great size. Mr. Negus has a brood sow now which will weigh 650 pounds and he knows of a boar that topped the scale at 1,000 pounds. His hogs are an outcross and he takes care to guard against inbreeding by sending away for his boars at the right time and getting those of no kin to his animals at home. They are not related to any other breed and are a useful animal. He uses sows of other breeds with his Tammorth boars and selects the best for breeding. He had a lot of Poland Chinas, Durocs and Chester Whites and these he crossed with his Tammorth boar and from the results picked the best sows for breeding and gets fine results. They are good grazers and their ears are erect, which is quite to their advantage.

They have good legs and are easily driven. Mr. Negus doesn't try very hard for two litters a year from a sow, as he thinks when she has 11 pigs she has done pretty well for one year. He generally weans the pigs at two months and feeds them on clover pasture, with soaked shelled corn, with a little oats, tankage and oil meal. He generally markets them at nine and ten months and has often had them weigh 400 pounds at that time and had two car loads which averaged \$80. He had one thoroughbred boar which weighed 800 and he could have made him weigh more.

He prefers a movable shed for them and a shed roof instead of the usual V shaped article used by so many. He puts his pens on runners and moves them about as he likes and as his sows are generally good natured two sows will occupy one pen, which he makes 7x14, the high side to the south, and they make better shelter for shoats after the sows have reared their young that far. He is careful to keep his hogs clean and to keep them healthy. He gives them clean water to drink and uses also disinfectants, slaked lime, crude oil, hog dips and the like and is generally successful in avoiding hog cholera among his animals. He has one sow weighing 650, whose sire weighed 1,000 and was never beaten in a fair or show.

He has his lots for feeding about the barn paved with concrete and uses a trough with partitions so arranged that hogs cannot crowd each other or get their feet into the trough. He has a water tank so arranged that in winter he can build a fire under it and so doesn't give his animals of any kind ice cold water, but takes the chill off of it. He also feeds warm slops in cold weather and finds it good. A good part of the feed lot is of concrete and catches all the manure, which Mr. Negus is careful to return to the land with good spreaders as it is made.

He is also feeding 90 cattle or rather yearlings, white faces largely in the herd. He has a shed 154 by 40 which has a loft holding 100 tons of baled hay. His cattle he is feeding ensilage even yet and they do finely under the cool shed and have no pasture but the ensilage mixed with grain and other feeds keeps them in fine shape and fattens all right. He has 200 head with them, but has to feed the swine some, as the feed of the cattle doesn't help them drop much hog feed.

While he devotes the main part of his time to his farms and does not at all neglect them for anything else, as the appearance of things about the place proves, he does like a good horse and has some on the place. His Jewel is a young stallion by Clatterwall, with a record of 2:05 3/4 as a pacer and for fifteen years held the pacing record of the country. His dam was Emma Louise, dam of six animals with a record of 2:09 3/4 and her first, second and third dams were producers of animals with a mark of 2:10. The young stallion, five years old, is a blood bay and a green pacer and is now in training in Springfield and Mr. Negus has entered him in stake races in Michigan, Ohio, West Virginia, Kentucky, Tennessee and Mississippi. He also has leased Billy Warrington with a record of 2:09 3/4 and staked him too. Mr. Negus also has several green prospects which he is handling carefully and has on his place a track on which he works them.

This year he has 265 acres of corn and has a fine field of wheat, which seems to be free from pests so far. He has a field of ten or fifteen acres of alfalfa and is cutting it the second year with fine results. His first crop is now being put up and is thirty inches high. He has ten acres more which he has prepared with lime, manure and all else and is waiting for rain to sow that, as he prizes alfalfa highly.

His horse barn is floored with concrete and is divided into box stalls about 14 feet square. He has a manure spreader which he sends out on the land. In a structure adjacent he has an engine with a large cylinder, perhaps three by fifteen, and into

that he pumps compressed air and then forces water all over the barn, the house and premises generally, and he is not troubled with freezing. In the same building he has a heater which heats water for the house bathroom, heats the garage and another apartment in the barn. He has two large silos which he values highly. His neighbor has two which have been blown down three times, so Mr. Negus has heavy wire rope guys in all directions for his and thinks they will stand anything short of a cyclone and not go over. His barn will hold 50 tons of baled hay, so that he is well provided with storage room for feed. He has plenty of other outbuildings and the place is admirably provided for the business of the owner and much more could be written concerning it. Mr. Negus shows what may be done with means and judgment. His house is as well provided and planned as his barn and while he devotes himself to business, he believes in enjoying the comforts and conveniences of life also.

BURKE IS TO HAVE HEARING ON CHARGES.
Man Suspended By Col. Goethals for Alleged Irregularities Faces Investigation.

New York, June 6.—John Burke, whom Col. George W. Goethals, chairman of the Panama canal commission, suspended as head of the commissary department of the Panama canal zone, is scheduled to be placed on trial in the United States court here Monday on indictments charging him with accepting gratuities from dealers in supplies at Panama. The charges against Burke attracted much attention at the time, as it was thought possible they might lead to the exposure of an extensive system of graft among the officials of the canal zone. The official investigation, however, failed to bring to light anything to support this supposition. Information that charges of irregularity in Burke's conduct as manager of the commissary department were being investigated by the government was made public last December. On February 9 Col. Goethals suspended Burke from his position on alleged evidence furnished by secret service officers concerning the bank accounts and property said to be in possession of the commissary manager. It was said at the time that Burke had \$78,000 on deposit in his own name in banks in Colon and in his home city of Indianapolis, in addition to property amounting to \$50,000 in various parts of the United States and Canada. Though denying that he had ever been guilty of any misconduct in office, Burke is said to have failed to satisfactorily explain his possession of so much wealth, when given an opportunity to do so by Col. Goethals.

Three merchants in the canal zone who are alleged to have given Burke commissions in connection with the purchase of supplies were indicted with him. According to a statement issued by the authorities the government has suffered no loss through Burke's alleged acceptance of commissions.

NEWS FORECAST FOR THE COMING WEEK.

(Washington, June 6.—President Wilson has promised to go to Princeton Saturday to attend a reunion of the class of 1879 of Princeton university, of which he is a member.

The supreme court of the United States will assemble Monday after a recess of two weeks. As it will be the last decision day but one before the summer adjournment it is thought probable that decision may be handed down on that day in the intermountain rate case and other cases of importance.

John Burke, the former manager of the commissary department of the Panama canal zone, is scheduled to be placed on trial in New York Monday on indictments charging him with having accepted gratuities in connection with the purchase of supplies for the canal zone.

The wedding of Miss Belle Wyatt Willard, daughter of Col. J. E. Willard, the American ambassador to Spain, and Kermit Roosevelt, son of Col. and Mrs. Theodore Roosevelt, is to be celebrated Thursday in the British embassy chapel in Madrid.

Other events of the week abroad will include the meeting of the international convention of Chambers of Commerce in Paris, the assembling of the Salvation Army world congress in London, the international convention of the Young Women's Christian association in Stockholm, and the celebration in England of the seventh centenary of the birth of Roger Bacon, the famous English scholar who is regarded as the first man of science in the modern sense of the word.

Among the conventions of the week will be the biennial of the National Federation of Women's clubs, in Chicago; the seventh annual conference of governors of the states, in Madison, Wis.; the annual convention of the Canadian Manufacturers' association in Montreal; the annual meeting of the American Hardware Jobbers' association, at White Sulphur Springs, Va., and a joint convention of the National Association of Labor Commissioners and the International Association of Factory Inspectors, at Nashville.

Among other events of the week or more or less public interest will be the beginning of the international polo matches at Westbury, L. I.; a celebration of the centennial of the founding of the first American socialistic and co-operative community, at New Harmony, Ind.; the unveiling of a monument to the poet Goethe, in Chicago, and the unveiling of a memorial to the women of the confederacy, in Raleigh, N. C.

TO RETURN MONDAY.

Word has been received that the Rev. L. H. Davis of Westminster church, will be home Monday afternoon. The baccalaureate address at the Congregational church at 10:45 a. m., will be joined in by Westminster church, and the vesper service at Illinois college will also be attended by Westminster people.

So there will be no services in that church today, except Sabbath school at the usual hour.

JOY PRAIRIE VISITORS.

Among the visitors in the city Saturday from the Joy Prairie neighborhood, were Phillip, Edward and Richard Stanley, Mrs. H. C. Chaffin and son, Charles Wilkie and Edward Ward.

WILSON'S THEORIES

Chicago Merchants Declare Demo-
cratic Legislation Has Slackened
Trade.

Chicago, Ill., June 6.—Chicago
business men today gave practical
test to President Wilson's psychol-
ogy of business—the theory that
prosperity will come to this coun-
try with a rash if business men only
believe it will come.

In commenting on the president's
theory and general conditions,
John V. Farwell, president of John
V. Farwell & Co., said: "The presi-
dent's theory is partly true and
partly not, but we must consider
the facts as they are. People act
from impressions of all kinds and
if they are not moving forward to-
day it is because they entertain a
lack of confidence in the future.
This lack of confidence is not
borne so much of material things,
but arises, rather, from the acts of
congress legislative bodies and com-
mittees. The boom which the presi-
dent predicted would result from
the tariff act has not materialized
and if he was wrong before people
do not think it unreasonable that
he might be wrong again. An in-
crease in railroad rates would have
a stimulating effect on all business
I think, but business men do not
believe in the kind of legislation
contained in trust bills."

Fred W. Upham, president of the
Consumers' Company, said: "Presi-
dent Wilson's contention reminds
me of the story about the farmer
who made up his mind that horses
could be fed on sawdust instead of
hay and still do efficient work.
The result was dead horses. Ac-
cording to his program, it looks as
if manufacturing and business in-
terests were being fed on sawdust
now. Unless the Interstate Com-
merce Commission helps out the
railroads and the Lord helps the
crops, we are in for pretty bad
times."

Mitchell Says Trade Is Poor.
John J. Mitchell, president of
the Illinois Trust and Savings Bank,
said:

"Business men at present are not
pessimistic but timid. The gross
business and working force of man-
ufacturers and merchants has been
lessened. Business has not as yet
become adjusted to the tariff situa-
tion. The new currency bill is un-
doubtedly good, but will probably
be delayed in its final consumma-
tion. Congress is in session, with
a disposition to be radical in anti-
trust regulations. In fact, so much
of a radical nature has been done
by way of legislation that the aver-
age business man does not know
where he is or what he can do. I
think business on the whole is fun-
damentally sound."

A. M. Schoyer, resident vice presi-
dent of the Pennsylvania lines, de-
clined to make any comment on the
president's statement, but outlined
the condition of the railroad's busi-
ness at present, as follows:

"The business of the Pittsburgh
Railroad west of Pittsburgh is not
very encouraging at present. There
is a marked decrease in the coal
and iron ore industries, as well
as in the movement of general
merchandise, particularly iron
and steel products. I can not ac-
count for the decrease in general
merchandise, except on the assump-
tion that in the territories traversed
by our lines there is a de-
crease in general business offer-
ings."

A. J. White, of White & Co.,
grain and provisions: "Our com-
pany does not think business is good;
conditions must make it good. Things
will not be any better until there
is a let up in legislation and the
country is given a breathing spell.
It is a very good thing to be opti-
mistic, but optimism is not an an-
tidote for bad business."

LONDON TO HOLD

PEACE PAGEANT

London, June 6.—The arrange-
ments completed for the pageant and
ball to be given in Albert hall next
Wednesday night in celebration of
the Anglo-American peace centenary
indicate that the affair will be quite
the most notable of its kind of the
present season. The pageant will
open with a series of tableaux de-
picting the discovery and settlement
of America and will end with a pro-
cession representing the Burgers
of Ghent and the signatories to the
treaty of peace between the United
States and Great Britain. In the
procession will be an emblematic fig-
ure of Canada, followed by Lady
Maud Warrender as "Britannia" and
the Duchess of Marlborough as "Col-
umbia."

COLLEGE CHANGES NAME

Dubuque, Iowa, June 6.—Com-
mencement week at St. Joseph's col-
lege will begin tomorrow, when Bishop
Garrihan of Sioux City will cele-
brate mass and Bishop Dowling of
Des Moines will preach the baccalaureate
sermon. The graduation ex-
ercises will be held Tuesday. The
commencement will be the last that
the institution will hold under the
name of St. Joseph's college. In future
the college is to be known as
Dubuque college. The college was
founded in 1856 by Bishop Loras,
first bishop of Dubuque. The original
building, called St. Bernard's
seminary, was opened with 25 stu-
dents. The present enrollment is
425.

BARACA-PHILATHEA

Waco, Tex., June 6.—Opening with
a big welcome demonstration, the
18th annual world wide convention
of the Baraca-Philathea, an organiza-
tion of Bible students and other
religious workers, will hold forth in
this city during the ensuing five
days. The sessions of the conven-
tion will be devoted to a discussion
of Bible class methods, with address-
es by many well known divines and
others. The recreation features of
the program will include a parade of
the delegates and the local Bible
classes and a mammoth open air
banquet.

CAPTAIN DENNIS OF THE VANITIE WELL PLEASED WITH HER.

VANITIE TURNS TABLES ON HER RIVAL, THE YACHT RESOLUTE

Bronze Yacht Sails Over Course at
Long Island Sound Almost Six
Minutes Faster Than Resolute.

Rye, N. Y., June 6.—The Bronze
yacht Vanitie turned the tables on
her rival, the Resolute, in the fourth
Long Island Sound race sailed today
over a triangular course, winning by
5 minutes 52 seconds in elapsed
time.

Although sailed in light to moder-
ate airs, which were somewhat un-
certain at times, the race was a
fairer trial than the contest on Tues-
day, which was regarded as more or
less of a fluke and which the Vanitie
won by 16 minutes and 48 seconds.

The yachts will both be overhauled
during the next three days in prepara-
tion for three open sea coastests
next week off Sandy Hook.

FACULTY COMMITTEE ADOPTS THREE NEW RULES

CHICAGO, June 6.—Three new
rules which must be referred to the
faculties for passage were adopted
today by the faculty committee of
the intercollegiate conference ath-
letic association at its annual meet-
ing.

Following are the proposals:
1. That athletes be allowed to
compete in only two branches of
sport during the scholastic year.
2. That conference athletes can-
not try out for an Olympic team un-
der the tutelage of an athletic club
coach, but must be coached by his
college mentor or must train him-
self for the event.
3. Any student or athlete may
take charge of a playground where
gymnastic ability is not required
without jeopardizing his amateur or
collegiate athletic standing.

The constantly increasing use of POLARINE
by thousands of motorists is indisputable evi-

FRICTION REDUCING MOTOR OIL

POLARINE remains liquid at zero. POLARINE
differs from all other makes of motor oils, in
that it furnishes perfect lubrication to fric-
tion surfaces at extremes of temperature.
These essential characteristics obviate
the necessity of changing oil for summer
and winter lubrication—also the necessity
of mixing kerosene, graphite and other
injurious products with unsuitable and poor
coldest oil for the purpose of making it feed
in winter weather.

PEORIA WOMAN GETS QUICK RELIEF FROM HER STOMACH DISORDERS

Mrs. Frances Turner's Pains Ended
By Using Mayr's Wonderful
Remedy.

Mrs. Frances Turner of 125 McKinley avenue, E. Peoria, was suffering from stomach disorders for a long time. She was attacked by severe pains and food disagreed with her.

She took Mayr's Wonderful Stomach Remedy. Relief came quickly. This is what she said in a letter about her experience:

"Since I have taken your medicine I have no more pains and can eat anything I wish now. My ailment was gas on the stomach. I had pains over my shoulder to the pit of my stomach."

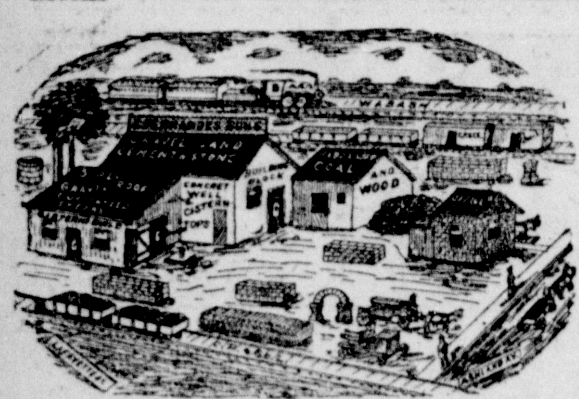

Mayr's Wonderful Stomach Remedy has been taken by thousands of people with just such quick results.

The first dose convinces—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucus, acid secretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitators, so be cautious. Be sure it's MAYR'S. Go to Armstrong's drug store and ask about the wonderful results it has been accomplishing—or send to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects.—Adv't.

MRS. FERREIRA EXCELS
AS ORGANIST
Mrs. Grace Frank Ferreira of Jacksonville, an advanced organ pupil of Franklin Stead, made her first appearance in recital in Peoria recently in a program given by the advanced students of the Peoria Musical College, of which Mr. Stead is director.

Mrs. Ferreira is an organist of unusual ability and her playing of the Cantique D'Armour by Tador-Strang and the great Fugue by Rheinberger were greatly enjoyed by the large and enthusiastic audience.

Citizens Who Have Friends That Go
Traveling This Summer Should
Invite Them to Jacksonville.

The automobile will be used more this summer for the vacation trip, because of the increased sale in automobiles and the betterment of the roads throughout the country. Jacksonville people should be particularly interested to invite their friends to spend part of their time with them and enjoy some of the tours in and out of this city.

Good roads connect most of the larger cities of central Illinois and with an urging invitation by letter or by illustrated booklet which the Chamber of Commerce will send out, more tourists will come to Jacksonville. The Burlington Way is now one of the most direct and best marked dirt roads connecting St. Louis, Missouri with Burlington, Iowa. It should prove a great highway for travel through Jacksonville, since it has been so extensively advertised.

The Jacksonville chautauqua and the Epworth League Institute should be two drawing attractions each of which will last more than one week this summer. A camping trip can also be easily planned to Lake Matanzas or Quiver Beach, both located a short distance from this city. Talk Jacksonville in all your correspondence and more people will include it in their itinerary of their vacation trips.

Retail Merchants Convention.
Preparations are nearly complete for the convention for Retail Merchants of Illinois which assembles in Jacksonville during four days beginning June 15. Much publicity has been given the city and it has proven remunerative for the labor which it cost in getting the convention last year at Alton. The State Retail Merchants magazine and stationery has carried headlines and illustrated stories telling the good points about Jacksonville. In addition the United

Press Bureau is preparing an advance story which will be printed in all the leading newspapers throughout the state. Every pull is a boost and through an organization like the Chamber of Commerce this city is receiving some valuable and yet very cheap advertising.

Directors Meeting.

The regular monthly meeting of the Board of Directors of the Chamber of Commerce will be held in the Chamber of Commerce room, Tuesday evening at 7:30 p. m. A number of important questions are to be presented at this meeting. Any members who are interested in the work of the organization and the reports of the different departments are cordially invited to attend.

Good Fellowship Tour.

The first of the Get-Acquainted or Good Fellowship Automobile Tours which will be conducted periodically this summer will be taken Thursday. A short run will be made by at least a half a dozen cars and perhaps more to the Ashland Horse Show to be held on that afternoon. The Boosters Club is working with the Chamber of Commerce to make these tours a success and to help extend the acquaintance of our business men and citizens through the territory contiguous to Jacksonville. More details and the names of the parties who are going will be later published.

Clean Up Week For 1915.

The business men of Minneapolis

are beginning already to make preparations for the most extensive and complete clean up week which that city will undertake one year from now. Owing to the delay of some of the citizens this year it is probable that a law will be passed which not only permits the city to put properties in order and to assess the cost on the tax list, but also to compel all citizens to share in the expense of the movement. Jacksonville is not the only city which was unfortunate in defraying all the clean up expenses, but we had the most thorough city house cleaning that this city ever experienced.

Will Not Be Here.

The program committee of which Mr. Frank Byrns is chairman, was not successful in securing Mr. Franklin MacVeagh as a speaker for the annual banquet. The committee is working hard to have a fine menu and program provided for that occasion.

The business interests of the city would gladly welcome the news that the Jacksonville Railway & Light Company have accepted the franchises which were recently passed by the city council, in order to settle this much discussed issue.

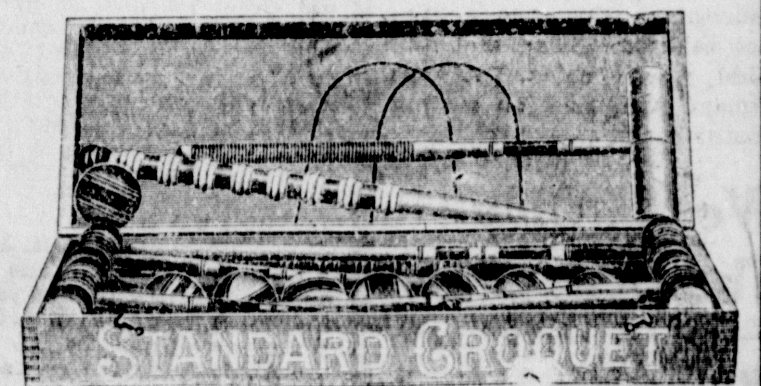

Let us oil your dusty roads. The dust settled for the season for a mere trifle. Cocking Cement Co., Illinois phone 1354.

WORLD'S LATEST FINANCIAL AND MARKET NEWS

STOCK MARKET SUDDENLY BECOMES ACTIVE AND STRONG

After Inactivity Market Becomes Ac-
tive and the Close Has Many Sub-
stantial Gains.

New York, June 6.—After several
days of inactivity the stock market
suddenly became active and strong
today. Shares of the eastern rail-
roads led the advance. As it is
these roads which are concerned in
the freight rates case, the upturn
was associated with Washington re-
ports that a decision might be given
within a week.

Another factor in the upturn was
the news from Washington that the
senate committee might not report
at this session two of the adminis-
tration's three bills dealing with
corporations, which passed the
house yesterday. At the close there
were substantial gains in many in-
stances.

WHEAT MARKET RULES HIGHER THROUGHOUT SESSION

Firm Cables Help Wheat Bulls—
Corn Goes Higher and Develops
Much Activity.

Chicago, June 6.—Notwithstand-
ing the fact that the government
crop report would be due on Mon-
day, restricted business today in
wheat, the market ruled higher
throughout the session. Firm ca-
bles helped the bulls. Closing prices
though easy were a shade to 1/2
% above last night. Corn finished
at a net advance of 1/2 % to 1c;
oats unchanged to 1/2 % higher and
provisions with a gain of 7 1/2c to
12c.

Are Your Glasses Becoming?

You don't want awkward "all eyeglasses" looking glasses.

We have made a study of facial characteristics, and select the size, style and shape of eyeglasses most becoming to the face of the wearer. There is a "knack and know how" about proper eyeglass fitting and adjusting, that we have long ago discovered.

With the glasses we make, you look well from either side.

ILLINOIS COLLEGE BASEBALL TEAM WHICH DEFEATED BRADLY SATURDAY

Reading from right to left—Upper row: Coach Harmon, Rex Gary, John Brewer, Calvin Atchison. Second row: Manager Warren Pierce, Bryce Whisler, Earl Harmon, Capt. Fred Stewart. Third row: Arthur Urbaine, Roy Clifton, Paul Darragh, Mayo Banks, Clay Apple.

ILLINOIS COLLEGE INTERCOLLEGIATE TRACK CHAMPIONS

Reading from right to left—Upper row: Coach Harmon, Floyd Davis, Earl Sooy, Arthur Urbaine, Geo. Young. Second row: Fred Stewart, Frank Morrison, Julian Frisbie, Capt. Ernest Alford, Hansel Wilson, Lester Smith.

The above is a picture of the Illinois College track team which won the Intercollegiate State championship at Peoria last week. In this meet Illinois college broke three records, Wilson lowering the half mile record to 2:04 seconds; Frisbie the 220 yard hurdles to 27 1-5 seconds, in a race in which he was pushed to his limit; Morrison in the high jump raised the records to 5 feet, 7 7-8 inches. By establishing these three records at the last meet, Illinois college now has the honor of holding seven of the thirteen records of the association, more than all the other fourteen schools combined. The other records Illinois holds are Frank Phillips in the 440 yard dash; Bucheit in the pole vault; Berry in the hammer throw; Prins in the discus throw.

The following are the association records:

| Event | Name | School | Record | Year |
|------------------|----------|-------------------|-----------------------|------|
| 100 yard dash | Heyl | Wesleyan | 10 seconds | 1913 |
| 100 yard dash | Tennison | Millikin | 10 seconds | 1914 |
| 120 yard hurdles | Dunn | William and Washt | 16 2-5 seconds | 1914 |
| One mile run | Merrill | Bradley | 4:44 1-5 seconds | 1914 |
| 440 yard dash | Phillips | Illinois | 53 1-4 seconds | 1911 |
| 440 yard dash | McIntosh | Wesleyan | 53 1-5 seconds | 1912 |
| 880 yard run | Wilson | Illinois | 2:04 seconds | 1914 |
| 220 yard dash | Tennison | Millikin | 22 1-5 seconds | 1914 |
| 220 yard hurdles | Frisbie | Illinois | 27 1-5 seconds | 1914 |
| High jump | Morrison | Illinois | 5 feet, 7 7-8 inches | 1914 |
| High jump | Burns | William and Washt | 5 feet, 7 7-8 inches | 1914 |
| Broad jump | Barrett | Bradley | 31 feet, 4 inches | 1912 |
| Pole vault | Bucheit | Illinois | 11 feet, 6 inches | 1912 |
| Shot put | Taylor | Lincoln | 39 feet, 9 1-2 inches | 1914 |

GIVES HEALTH HINTS FOR HOT WEATHER

State Board Makes Suggestions
Which Are Timely—Extreme Weather Conditions Makes Them Useful.

The unseasonable hot weather which now is prevailing in all portions of Illinois prompts the secretary of the state board of health, Dr. S. St. Clair Drake, to issue some timely hints on how to keep cool and avoid the dangers of overheating.

Dr. Drake points out that the question of keeping cool and well in hot weather is almost wholly a question of proper foods and feeding, proper drinks and drinking, proper clothing and proper rest, body cleanliness, mental tranquility and the avoidance of crowds and of places poorly ventilated. Advice more specifically set forth follows:

Avoid Meats and Heavy Foods.
Avoid meats, butter and heavy or fat foods of all kinds.

Eat soups, fruits, vegetables, ice cream and whatever you eat, take only one-half as much as you ordinarily consume in cold weather.

Avoid beer and all other alcoholic drinks—their first effect may be cooling, but the secondary effect is distinctly heating.

Drink liberally of water, buttermilk, weak tea and clean milk. Cool these drinks by standing on ice; never use ice in them.

Wear as few clothes as the law allows; have them light and porous, clean and unstarched. Wear loose

clothing and change underwear daily.

Avoid tight lacing and tight belting. Anything that retards circulation of the blood is dangerous in hot weather.

Protect the head and spine from the sun.

Bathe Every Day.

Take a bath every day—twice a day is better—give your pores a chance to breathe. At least, take a bath just before going to bed. You will sleep better and awaken more refreshed and better able to withstand tomorrow's heat. Body cleanliness is extremely important.

Sleep in the open air, if possible, and get at least eight hours' rest every night.

Avoid strenuous exercise under a hot sun.

Don't fuss or cuss about the heat—that only makes you hotter. Turn the thermometer to the wall and give the cold shoulder to the hot weather fusser.

Avoid crowded places, especially indoors.

When the cars are not crowded, take a trolley ride into the country.

Keep your temper under control and shun heated arguments. Even politics should be tabooed until "dog days" are passed.

As often as you can, get out in the open air, on the green grass, under the sheltering trees.

A little common sense and a little self-denial will save you a heap of discomfort and perhaps serious trouble in weather like the present.

ILLINOIS COLLEGE NOTES

The baccalaureate service will be held in the Congregational church this morning. President Ozora S. Davis of the Chicago Theological Seminary, will deliver the sermon. Trustees, faculty, graduates of all departments, alumni and alumnae are urged to meet promptly in the church parlors at 10:30. Seats will be reserved for all who take part in the procession.

If weather permits, a vesper service will be held on the campus at 7 o'clock Sunday evening. The address will be given by President Davis. If the weather should be inclement, the service will be held at 7:30 in the State Street church. Friends are again reminded of the Osage Orange picnic on the campus at five o'clock Monday. Do not wait for a telephone call. Apportion yourself a committee of one to make up a party and come. The college will furnish hot coffee free of charge, and ice cream may be purchased on the grounds.

The invocation at the commencement exercises will be pronounced by the Reverend Charles F. Weedon of Boston, Mass.

Alumni, alumnae and friends are cordially invited to the alumni luncheon on commencement day. Luncheon will be served in the gymnasium at 1:30. It is important that all who desire tickets should make reservations early. Tickets may be secured at the local newspaper offices, at the president's office or from members of the committee, A. T. Capps and Arthur D. Fairbank. One of the chief features of the luncheon will be the presentation of the "Reunion Trophy" cup, presented by the Chicago society of Illinois college alumni.

George S. Montgomery, ex '79, Consular Agent of the United States at Edmonton, Alberta, Canada, will attend the commencement exercises.

Friends of the college, friends and relatives of the graduating class, are cordially invited to the reception given by President and Mrs. Rammelkamp in honor of the graduating class on Tuesday afternoon at four o'clock.

WILL ATTEND CONVENTION.

Principal W. C. Spraggate of the Jacksonville Business college will leave this morning with his family for Chautauqua, Ill., to attend a two weeks convention of the Peck and Read school heads. A special effort is being made to standardize the work in the twenty-three schools and to this subject the attention of the convention will be turned.

VISITOR HERE FROM FUNCHAL
IN ISLAND OF MADEIRA

Joseph Correa is Enjoying Visit From His Brother, a Man Prominent in Business World in Own Country.

Joseph P. Correa of South Prairie street is enjoying a visit from his brother, John P. Correa, of Funchal, Island of Madeira. The gentleman is accompanied by his son, Gabriel, and daughter, Miss Mary, both fine appearing young people. Mr. Correa is the baby brother of his host but himself has seen a goodly number of years of life. He is a man of education and experience. He is a member of the municipal council of the city in which he lives and is a man of wide range of ability. He is employed by the government and constructing companies to take charge of railroad and other construction work and has a force of several hundred men under him.

Mr. Correa's force at present is arranged in fourteen divisions and he has left each division in charge of a foreman or overseer while he visits this country. His son is his secretary and he has also other office assistants in his work. His trip to this country is for both business and pleasure. He is here to look for lumber which is very scarce in his country and he expects to visit New Orleans and Canada in his next week and hopes to secure a ship load while in this country.

Likes America.

Mr. Correa is much delighted with America which he pronounces the grandest of countries. He landed at Boston and proceeded to Chicago and when he reached that city he thought certainly he had struck a great business beehive so intense was everything though he was pleased with the push and bustle he saw while there.

Through the courtesy of Joseph Correa a Journal reporter met the visitor from the old world. He has hardly any knowledge of the English language as he has had no occasion until this trip to acquire it. The resident brother acted as interpreter for the one from abroad and a series of questions was asked and answered.

New Government a Success.

"So far the new government of Portugal seems to be a success and business is better than it ever was before and wages are higher and there is more work to be had by laboring men and mechanics. In this respect the country has good cause for gratitude and felicitation. Religious liberty exists in fact as well as in name. All may worship their Maker as they see fit and to none is any advantage given. This has been carried so far that no one is permitted to appear on the streets in clerical or any kind of distinctive religious garb. This applies to both sexes who must be content to wear their religious robes in their buildings only."

"The money of the country is safe and substantial as the country is on the gold basis and circulates all right. Taxes are high but the people have money to pay them. Schools are quite general and pretty much all children may have an opportunity for an education in the common branches while colleges and places of higher learning abound. Customs duties largely support the government and Funchal is second in the amount of customs collected. The franchise is limited to those who can read and write which is the principal qualification in addition to good character, both for voting and holding office."

Products of Madeira.

"The leading products of Madeira are wine grapes and sugar cane and of both large quantities are raised. The wine there is pure and valued for its age. Mr. Correa has 19800 gallons of his own now four years old and each year getting more valuable. He is a temperate man and uses little that is stimulating. His wine is stored in cellars and will be ready for market in due time." Asked if Madeira was as beautiful as Island San Miguel which the reporter had seen, Mr. Correa replied with considerable exultation that it was more beautiful and the reporter responded that it must indeed be fine for he thought San Miguel presented some of the most beautiful scenery he had ever seen.

Mr. Correa expects to be in this country a month or more partly visiting and partly attending to business.

A full line of high grade Talcum Powders at Gilbert's Pharmacy 15c and 25c.

WILL TAKE NORTHERN TRIP.

Mr. and Mrs. Byron Armstrong and daughter Beata will leave Monday morning for a two weeks' sojourn in Rock Island, Fox Lake and Chicago. At Rock Island they will attend the commencement exercises of the Villa de Chantal convent school, where their daughter, Miss Marceline Armstrong, who is class valedictorian, will be graduated.

After leaving Rock Island they will go to Fox Lake to attend the annual convention of the Illinois Pharmaceutical association, which will hold its sessions June 11, 12 and 13. Mr. Armstrong as chairman of the trade interests committee, will present a paper. Indications are that the coming convention will be an important one and a large attendance is expected from all over the state. Mr. Armstrong and family will spend another week in and around Chicago before returning to Jacksonville.

WITH THE SICK.

Mrs. M. M. Wood underwent a severe operation at Our Savior's hospital Friday and yesterday was doing as well as could be expected though still quite ill.

James Crandell is very ill at his home on Hardin avenue.

Edward Collins, who for the past few days has been confined to his home near Prentice by illness, was able Saturday to be about.

Lee Reid, son of Charles L. Reid of the Ebenezer neighborhood, is seriously ill at Passavant hospital.

While automobile riding a short time ago, as previously mentioned, young Mr. Reid was stung about the face by a flying insect and from this wound infection set in.

Mr. and Mrs. E. L. Edwards of Murphysboro, Ill., are in the city, called by the illness of Mrs. Edwards' mother, Mrs. H. L. Myers.

Mrs. Myers is reported somewhat improved.

IT'S JUST RIGHT FOR DRIVING.

The roads were never better nor the moon never better than you will find them tonight. Why not take advantage of these conditions for a country drive. Call Cherry's early today and reserve the rig you want.

ILLINOIS WINS FROM BRADLEY

LOCALS ANNEX ANOTHER GAME BY SCORE OF 9 TO 8.

Visitors Opportunity to Score Came When Urbaine Was Sent to the Pitcher's Box—Illinois Wins Bat Strongly—Millikin Comes Monday Afternoon.

Illinois chalked up another victory to her credit Saturday afternoon when the blue and white players defeated Bradley Institute of Peoria for the second time this season, the score being 9 to 8.

In an effort to save Clifton for the hard game with Millikin on Monday, Urbaine was sent to the pitcher's mound. His wildness gave Bradley their opportunity to score. Two bases on balls and an error coupled with a fielder's choice gave Bradley three in the first inning. Urbaine set them down handily in the second and third. After retiring one in the fourth Urbaine became wild and after issuing two passes and hitting two batters, forcing in a run, he was relieved by Clifton with the bases full. Allen, the first man to face Clifton cleared the bags with a healthy home run swat. That was all for Bradley, three scattered hits being all that Clifton allowed them.

It was a case of too much strength with the bat when the Illinois players were wielding it. One run in the first and two in the second started things. One more run in the sixth preceded the "lucky" seventh. Two errors by Bradley coupled with three singles and a triple netted four runs. With none out in the ninth Illinois scored the winning run. Now the Illinois boys are after Millikin's scalp in Monday's game.

Clifton set the Bradley players down scoreless for five innings in which they gathered but three scattered hits. When Illinois tied the score in the seventh Bradley saw the game slipping away because they had little chance of scoring again. The Illinois management refused Bradley's request to call the game at the close of the ninth inning provided the score was tied. In the ninth the Bradley players resorted to tactics which highly displeased the spectators. The Bradley men preferred to catch a train rather than finish and lose the game in a sportsmanlike manner.
